

PEST CONTROL 99

CRM Accounts Module — User Guide

How to use Dashboard, Inventory, Expenses, Booking Profit, Alerts & Reports

For Accountant & Accounts Team

Open: <https://pestcontrol-crm-frontend.vercel.app/accounts>

1. What is Accounts?

Accounts module company ka paisa, chemical stock, expenses aur har booking ka profit track karta hai. Yeh **Technician Ledger** se alag hai — Ledger technician payment settle karne ke liye hai; Accounts company profit & stock ke liye hai.

Menu	Path	Kaam
Accounts	/accounts	Daily / monthly dashboard
Inventory	/accounts/inventory	Chemical stock, purchase, transfer
Expenses	/accounts/expenses	Office / marketing / tech expenses
Booking Profit	/accounts/booking-profit	Har booking ka profit
Accounts Alerts	/accounts/alerts	Low stock, expiry, warnings
Accounts Reports	/accounts/reports	CSV / PDF reports

2. Accounts Dashboard

Har subah pehle yahan check karein

Yahan aapko dikhega:

- **Today:** Collection/Sales, Expenses, Gross Profit, Company Net, Chemical Used, Avg Cost/Booking
- **This Month:** Sales, Expenses, Gross/Company Net, Inventory Value, Avg Profit/Booking
- Low stock count, Unread alerts, Month booking count

Note: Gross Profit = Visit revenue – Chemical – Tech expenses – Tech 40% – Overhead. Company Net = Company 60% – Chemical – Tech expenses – Overhead.

3. Inventory & Stock

Chemical kharidna, stock dekhna, transfer

Pehli baar setup

- 1 Chemical name add karein (jaise Termite Chemical, Gel, Spray) — unit ml
- 2 Zarurat ho to Equipment add karein
- 3 + **Add supplier** se supplier banaayein
- 4 **Purchase entry:** Branch → Chemical → Qty → Cost/unit → optional Supplier → **Record purchase**

Roz ka kaam

- Nayi purchase aayi → Purchase entry

- Stock kam / galat dikhe → Adjust (+/- qty)
- Ek branch se doosri branch → Transfer
- Stock dekhna → Stock balance table
- Low stock / Expiry lists isi page pe neeche milengi
- Movement history se har in/out entry check kar sakte ho

Important: Purchase sahi amount aur qty ke saath na ki to chemical cost aur booking profit galat aayega.

4. Expense Management

Har kharcha yahan entry karein

Naya expense kaise add karein

- 1 Branch select karein (Mumbai / Pune / etc.)
- 2 Category select karein — Office / Marketing / Technician / Purchase
- 3 Amount daalein
- 4 Vendor name likhein
- 5 Agar booking se related hai to **Booking ID** daalein (optional)
- 6 Bill photo / PDF attach karein (recommended)
- 7 **Save expense** dabayein

Neeche wali table me saari saved expenses date, branch, category, vendor, amount aur booking ke saath dikhti hain.

5. Booking Profit

Har completed booking ka profit

Table me har booking ke liye dikhta hai:

- Visit ■ (service value)
- Chemical cost, Expenses, Tech cost (40%), Overhead
- **Gross profit** aur **Company net profit**
- Margin %

Chemical usage miss ho to

- 1 Booking / Job ID daalein
- 2 Chemical select karein
- 3 Qty (ml) daalein
- 4 **Save usage** — profit auto recalculate hoga

Month end pe ek baar **Allocate monthly overhead** button dabayein taaki office overhead bookings me split ho jaye.

6. Accounts Alerts

Warnings ko ignore mat karein

Yahan aati hain:

- Low stock alerts
 - Expiry / near-expiry chemicals
 - High expense warnings
 - Supplier payment related alerts
- 1 **Run alerts now** dabayein (list refresh)
 - 2 Har alert padhein — branch aur severity dekhein
 - 3 Kaam ho jaye to **Resolve** dabayein

7. Accounts Reports

Excel CSV aur Print/PDF

Available reports:

- Booking Profit Report
- Inventory Report
- Stock Movement Report
- Expense Report
- Monthly Branch P&L

CSV = Excel me open karke CA / records ke liye save karein. **Print / PDF** = browser print dialog se PDF bana sakte ho.

8. Daily & Month-end Routine

Daily (har din)	Month end
1. Dashboard check 2. Nayi purchase entry 3. Naye expenses save 4. Alerts check + resolve 5. Booking profit me odd figures check	1. Saari purchase + expenses complete 2. Booking Profit → Allocate monthly overhead 3. Dashboard → Rebuild P&L (agar refresh chahiye) 4. Reports se CSV download + folder me save 5. Branch-wise P&L review

9. Common Mistakes (Avoid)

- Purchase bina cost/unit ke save karna
- Expense booking se related ho lekin Booking ID na daalna
- Chemical usage booking pe miss karna → profit zyada dikhega
- Technician Ledger ko Accounts samajhna — dono alag modules hain
- Alerts ignore karna (stock khatam / expiry)

Support: Koi doubt ho to CRM ka screenshot bhejein — Accounts team guide kar degi.
